

WORKIFY ANONYMITY

OUR COMMITMENT

WORKIFY ANONYMITY PLEDGE

Employees are our focus. Our product depends on you. If you can't trust us, we can't do business.

That's why *we protect your identity at all costs - providing detailed information only when we can ensure your anonymity, even if it's requested by your management.*

How It Works

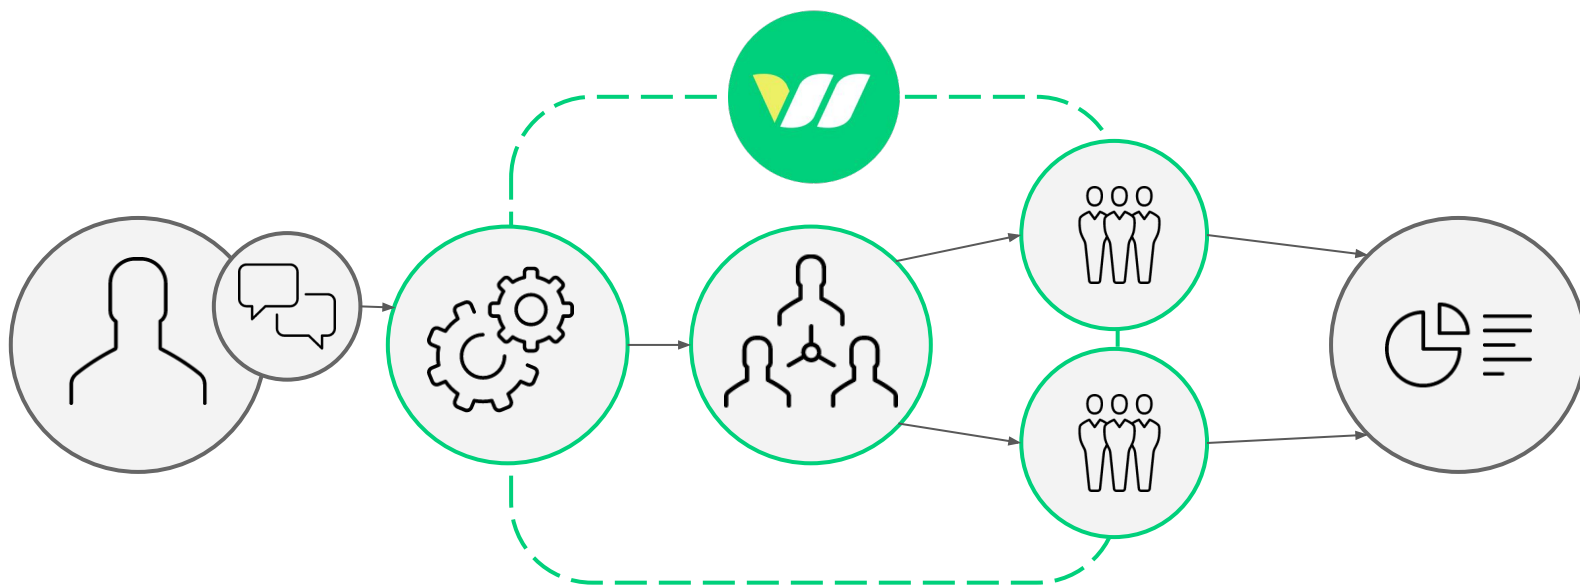

You provide feedback about your experience at work

Workify stores that feedback using third-party encryption

Individual feedback is summarized in groups (eg team or location)

The reporting in Workify hides any groups smaller than 5

Anonymity: Individual Example
